

Colleges & Universities

The 375th Air Mobility Wing has established Memorandums of Understanding with three colleges and universities, to offer undergraduate and graduate degree programs within the Scott AFB Education and Training Center. Colleges and Universities include Southwestern Illinois College, Southern Illinois University - Carbondale, and Webster University. All institutions have Academic Advisors available on base, to help students navigate available programs. In addition to the on-base institutions, several Online resources are available to help students explore local and distance learning degree completion opportunities. The Education Office team is available on a walk in basis, Monday through Thursday, from 0900-1300, to provide academic guidance and advisory support.

On-Base Undergraduate Opportunities
